

Final Grand Prix Standings – to 28th February 2011

I have updated the club Grand Prix tables to take into account the results of the final two weekends of races. Prizes will be awarded at the AGM to the first three males and females, and to the top veteran male and female. In order to be eligible for any prize, runners must have taken part in at least 6 races of a variety of distances.

Age-Graded Table

In conjunction with the normal Club Grand Prix this year, and as a test run for what may be next year's calculation method, I have also been awarding points for each race based on the WMA age-graded tables. This allows us to take into account the sex and age of each member, bringing everyone up (or down) to the same level.
